

# Interested in the River Tas?

- Are you a landowner or manager in the River Tas catchment?
- Are you interested in river and floodplain restoration, habitat creation and improving ecological connectivity in the area?
- Would you like to know more about Natural Flood Management and the potential for your landholding?
- Would you like to discover more about how farmers can help protect and improve the water environment and benefit through stewardship payments?
- Do you have your own ideas for environmental improvements in the catchment that you would like to discuss?

We are keen to speak to people who would like to work with us to help improve this very special chalk stream and its catchment.

We invite you to a drop-in session at Forncett Village Hall on Wednesday 6<sup>th</sup> March from 4-6pm  
Low Rd, Forncett St Mary, Norwich NR16 1JG

Come along for an informal chat over a coffee and cake

*If you are unable to attend this event, but wish to discuss ideas / opportunities further, please contact [helen.george@environment-agency.gov.uk](mailto:helen.george@environment-agency.gov.uk) in the first instance.*
